

AIR SCRUBBER ADVANCED

BY AERUS

WITH CERTIFIED SPACE TECHNOLOGY™

ActivePure® Technology that attaches directly to the HVAC system ductwork to remove surface contaminants, air pollution, VOCs, pet dander, odors and dust, resulting in a cleaner, healthier and more efficient environment. The perfect solution for homeowners and businesses who want safer living and working environments.

New & Improved Patented Cell Design

BENEFITS

- New & improved PATENTED ActivePure® Cell destroys over 99% of all surface and airborne contaminants faster
- Purifies surfaces and air, removes VOCs, smoke and odors
- Safely removes allergy and asthma triggering contaminants
- Protects heating and cooling system from potentially dangerous dust buildup
- Creates a cleaner, safer indoor environment

HOW IT WORKS

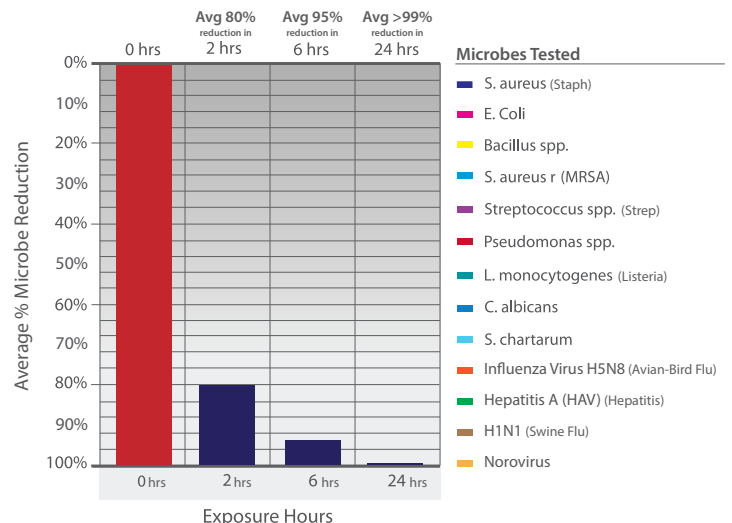

- Our proprietary ActivePure® Technology uses light waves and a catalytic process to produce super oxide scrubber ions and hydro peroxides that destroy contaminants on surfaces and in the air
- Features a high intensity UVC light that makes use of the same oxidation and ionizing properties of light as naturally occurring in sunlight
- Certified Space Technology continuously protects and purifies the environment around you
- ActivePure® has been tested in independent labs and proven effective on bacteria, viruses, mold and fungi on surfaces and in the air
- Installed by a professional directly to the existing HVAC system ductwork

SPECIFICATIONS:

Air Scrubber Advanced	9960055 Model: A1013S NOTE: This unit does not meet California requirements and cannot be shipped in California
Electrical	Input Voltage: 24 Volts; 1 Amp; 50/60 Hz Current: 17 Watts
Mechanical	Distribution via air handler
Dimensions	8.5" high x 8.5" wide x 11" deep
Weight	3 lbs.
Operating temp.	34°F - 200°F
Coverage	Up to 2,000 sq. ft. Nominal, 3,000 sq. ft. Maximum
Warranty	Limited 5 year warranty

Reduction of Surface Contaminants

ActivePure® Technology tested with earlier generation of the cell

2017 Space Technology
Hall of Fame Inductee

The ActivePure® Technology built into each Air Scrubber Advanced is based on a variation of the technology originally developed for use on the International Space Station and is recognized as the exclusive Certified Space Technology™ in its category.
